The Greatest Discovery of the Age!

THIS term may be justly applied to the discovery of compounding medicines with the best results refined Leaf Sugar in such a manner that children and adults may now eat medicine with as much pleasure as they do the best confectionary.

For this discovery we are indebted to A. Sherman, M. D., of the city of New York, who has been a regular practitioner of medicine in that city for the last ten years; and also a member of the New York Medical Society.

The Doctor, after devoting his attention for a long time to the subject, about three years since offered his invention to the public under the name of SHERMAN'S MEDICATED LOZENGES.

Since which time they have gained a celebrity for the cure of different combinations for which they are recommended, unprecedented in the history of any other medicine—they consist of

COUGH LOZENGES,

Which are the safest and most effectual remedy for Coughs, Colds, Consumption, Whooping Cough, Asthma, &c., ever offered to the public. They operate by promoting expectoration, allaying the irritation of Coughing, and removing the cause of disease.

WORM LOZENGES,

The only infallible Worm medicine ever discovered. In over 400,000 cases they have never been known to fail. Many diseases arise from worms and occasion long and intense suffering and even death, without their even being suspected; grown persons are very often afflicted with them, and are doomed for various complaints, without any benefit; when one dose of these Lozenges would speedily cure them.

CAMPHOR LOZENGES,

For nervous or sick head aches, palpitations of the heart, Insanity and nervous affections generally. Persons traveling or attending large parties, will find the Lozenges really reviving, and imparting the buoyancy of youth; used after dissipation, they will restore the tone of the system generally, and remove all the unpleasant symptoms arising from too free living.

CATHARTIC LOZENGES,

The best cathartic medicine ever discovered. In over 400,000 cases they have never been known to fail.

FEVER AND AGUE LOZENGES.

These Lozenges have been tested by a celebrated physician in a practice of twenty years and have never been known to fail in removing this distressing disease. In addition to which, if the directions be followed, the disease will not return.

SHERMAN'S POOR MAN'S PLASTER.

This Plaster, of which over 1,000,000 are sold yearly, is believed to be the best plaster for rheumatism, lumbago, pain in the back, breast, side, or any other part of the body, ever prepared, and its price (only 12 cents) brings it within the reach of every person in the community.

To Farmers & Wool Growers.

THE subscribers would respectfully inform the farmers and wool growers of the country, that they are prepared and will manufacture good clean wool into cloth in lots of one hundred pounds and upwards, for one half as taken from the loom, with additional charges for dressing the same, (which shall be reasonable).

They will also exchange cloth for wool in lots of less, or more than one hundred pounds, on fair and reasonable terms, and will work wool on commission at a fair price for cash.

WOOL CARDING

done for customers as usual for 62 cents per pound. They have put their machine in good repair, and assure those who bring their wool in good order, that their work shall be well done.

The farmers will find it to their interest to have their wool well washed, both for carding and for manufacturing, as wool in a bad state will inevitably lose 25 to 33, and as high as 40, per cent; it is also desirable that wool for manufacturing be done up in separate pieces.

The goods we intend to manufacture will be filled cloth, casimire, sateen, jeans, flannels and blankets of all kinds. J. & D. GREEN, Dayton, Ilt., April 29, 1842. 49-16.

INDIAN CREEK MILLS.

THE subscriber respectfully informs the public that he has taken the above mills, situated on Indian Creek, about eight miles from Ottawa.

The mills have recently been materially improved, and an overshot wheel having been placed in them, it is confidently believed they can be kept in operation at all seasons of the year.

By strict attention to business and a general desire to accommodate those who may favor him with their custom, the subscriber hopes to receive a share of public patronage.
